The Ship will arrive at 8AM.

Accessible only by air or sea, Alaska's capital city entices travelers with its beauty, tranquility and outdoor activities. The Mendenhall Glacier, the jewel of the Juneau Icefield, can be discovered on scenic drives, hikes, boat rides, rafting trips, kayaking excursions and helicopter tours. Thrill-seekers get their adrenaline fix while ziplining above alpine forests, and culture lovers learn about landmarks such as the governor's mansion and St. Nicholas Russian Orthodox Church during explorations of downtown. A prospector-led panning adventure to Last Chance Basin allows you to strike gold, just as folks did in the late 19th century. Juneau's waters are a hot spot for humpback whales, and daily cruises afford the opportunity to witness these majestic creatures-a truly unforgettable experience. Brush up on local history with a visit to the Alaska State Museum, and cap off the day's adventures with a sampling of freshly caught salmon and locally sourced beer.

Day 7

Skagway, Alaska

Though it's small in terms of population, Skagway is plenty big when it comes to adventure. Sail among waterfalls and wildlife on Lynn Canal, one of the longest, deepest fjords in North America, or take a helicopter tour over glaciers before trying your hand at dog sledding. A kayaking expedition down the Inside Passage will have you paddling past seals, sea lions, porpoises and possibly humpback whales. Hikers can trek the Chilkoot Trail, the primary route prospectors followed in Alaska's 19th-century gold rush, while photographers will marvel at the jaw-dropping photo ops from atop White Pass summit, which is accessible via railway or a picturesque drive on the Klondike Highway. Amid the scenery and stillness of Chilkat Bald Eagle Preserve, keep your eyes peeled for the rare and endangered birds during a river float.

Day 8

Glacier Bay National Park & Preserve, Alaska (Cruising)

A popular tour destination on cruise itineraries, Glacier Bay National Park & Preserve wows with its icy wilderness and grand glaciers in southeastern Alaska. Cruise ships, sailboats, kayaks and more navigate the 65-mile bay for picturesque vantage points of more than 1,000 glaciers, but they can't draw too near to the frozen giants since chunks of ice often break off, or calve, from glaciers and thunder down into the water, creating icebergs. Glaciers of note include the park's largest tidewater glacier, John Hopkins; the elongated 21-mile Margerie; and the rapidly receding Muir. The park also is home to an amazing world of marine life, including humpback whales, sea otters, giant Pacific octopuses and harbor porpoises. An array of species resides on land, from brown and black bears to moose, mountain goats, wolves and prickly porcupines, while the bird variety includes bald eagles, tufted puffins and trumpeter swans.

Just across the water from snowcapped Mount Edgecumbe, Sitka displays its brilliant history. Tourists will find the onion-domed Russian Orthodox Cathedral reminiscent of its czarist past. The charming town is known for its picturesque views and thriving fishing industry. Shore excursions are plentiful, including wildlife viewing, sea kayaking, sportfishing and cruising Silver Bay, but the city also lends itself to adventures by foot or bike.

The ship will depart at 3PM.

Just on the British Columbia side of the border with Alaska, this fishing port is the largest natural deep-water port in North America. For those seeking a peek at the glorious bald eagle, this is the place -- Prince Rupert boasts 300 pairs of nesting bald eagles. Tours visit fish processing plants, quaint residential neighborhoods and the Museum of Northern British Columbia. Visitors who venture out on their own like to explore the hiking trails outside town or kayak around the island where it is common to spot humpback or gray whales.

The ship will depart at 6PM.
