### Day 2

---

#### Perth

Today you will take part in a Wildflower Day Tour.

Whilst the slope, soils and ancient granite outcrops of the Darling Escarpment are traditionally the ideal habitat and location to view wildflowers, profusion varies daily and is dependant on sunshine.

We visit locations all around the Perth region where we expect to find the finest wildflowers for you to see and smell, monitoring the progress of wildflowers once in season to ensure we minimise travel time. Kings Park is renowned for its guarantee of wildflowers but areas such as Wireless Park, Gingin and Toodyay are also prolific at various times.

Our experienced guide will help you identify rare and delicate wildflowers including renowned everlastings, orchids, red and green kangaroo paw, banksias, bottle brush and Western Australia's most famous orange flowering Christmas trees. During the day at an opportune time (hopefully close to the gorgeous wildflowers), we stop for our included lunch (venue dependant on itinerary).

There is ample time to identify and photograph flowers and many stops are made along the way. Please be aware that this tour highlights individual species and not carpets or fields of flowers, which are found 500 kilometres north of Perth.

**Meals:** Lunch

Enjoy a superb, modern Australian lunch as you glide through the picturesque rolling hills of the Avon Valley. Take in the views and perhaps a glass of fine wine before indulging in a three course dinner prior to your late night arrival in the wild west township of Kalgoorlie.
